ALRAEDY
ENGINEERING COMPANY

Our Vision

Al-Raedy Engineering Company aspires to be the leading and most distinguished company in Iraq in the field of fire protection and firefighting. Our goal is to provide integrated and advanced solutions that meet the needs of the local market while keeping pace with global technological advancements. We strive to be the first choice for anyone seeking safety and protection in both large and small projects, committed to the highest standards of quality and innovation. We aim to solidify our position as a reputable company, distinguished by our ability to execute vital projects that meet the highest safety standards and achieve customer satisfaction.

Our Mission

At Al-Raedy Company, we are committed to delivering comprehensive and integrated fire-fighting solutions aimed at protecting lives and property across various environments. We continuously seek to enhance our services and products by relying on the latest technology and best practices in fire protection. Our mission is to build long-term relationships with our clients by providing high-quality services with a focus on innovation, professionalism, and continuous improvement. Moreover, we are dedicated to developing our human resources to ensure the provision of top-notch services according to the highest safety and quality standards.

RANGE OF SYSTEMS

Fire Fighting Systems

Dry & Wet Standpipe	Sprinkler
Deluge	Pre-Action
Foam	FM-200 Clean Agent
Carbon Dioxide	Pro-Inert
Micro Mist	VESDA
Wet Chemical	Suppression Gas Detection

Warning Systems

Fire Alarm (Addressable & Conventional)	Emergency Lighting
Voice Evacuation	CCTV & Surveillance
Access Control	Video Smoke Image Detection
Intruder Alarm	Public Address

Fire Fighting Pump (End Suction Centrifugal, Horizontal Split Case, Vertical Turbine, Vertical Multi-Stage Centrifugal Jockey Pump and Regenerative Turbine Jockey Pump)

Products

Fire Extinguishers (CO2, Dry Powder, Foam, Water, Wet Chemical and HFC-236)	Cabinets & Hose Reels
(Fire Hydrants (all types	Valves (all type)
Pipe & Fittings	Rescue Devices
(PPE (Personal Protective Equipment	Fire Doors
Fire Trucks, Ambulances, Rescue & Platform Vehicles	

Staff

The company depends on managing and undertaking its projects on a diverse team that contains long experience and top academic certificates that qualifies it to successfully complete its projects with international engineering standards. Not only that, but the company insisted on training and developing its staff through courses and workshops within specialized academies.

CERTIFICATES

Ref: NF-IRQ-25-FF-AUTH-01

Date: 10th February 2024

To Whom It May Concern,

Subject: Certification and Authorization for Maintenance Program According to NFPA 25

Dear Sir,

This is to confirm that **M/s Al Raedy Company** has completed training in the maintenance of water, Foam & Gas based fire protection systems in compliance with NFPA 25 standards. We are certified and authorized to carry out Annual Maintenance Contracts (AMCs) for both commercial and residential buildings.

Their qualified team is fully equipped to perform inspections, testing, and maintenance on fire sprinklers, fire pumps, and other fire protection systems, ensuring compliance with safety standards in Iraq.

This letter is valid for two years from the date of issuance and subjected to renewal every two years.

For further inquiries or contract details, please contact us.

Sincerely,

For and On Behalf of
M/s. National Fire Fighting Manufacturing FZCO.

ALRAEDY
ENGINEERING COMPANY

Distinguished in the world of safety and firefighting

This sector in Iraq is characterized by the recent interest in it. Before 2003, it was an unimportant matter and the regulatory authorities did not think about it. The reliance was on government civil defense only. This philosophy changed after 2003, as international companies demanded attention to high-security safety procedures, and the markets lacked For this required equipment,

Al-Raedi Engineering Company emerged as a distinguished leader in this type of work, and concluded agreements with NAFFCO, an international company based in Dubai, which is one of the finest and best companies operating in the firefighting sector. We have achieved wonderful achievements throughout 16 years of excellence.
